FY 2014-15 FEE SCHEDULE

Fee Description	Authority	Fee Amount	Unit Desc.	Comments
Lot line Adjustment/Site Plan		\$517.00	Deposit	Cost Study
Tract Map/Parcel Map with CUP (Clusters)		\$2,800.00	Deposit	Cost Study

Department Name: Ag Commissioner
Fund Center: 141

Footnote #	Footnote Narrative
1	The proposed fee structure and amounts are based on California Business and Professions Code section 12240 which states "...the board of supervisors, by ordinance, may charge an annual registration fee, not to exceed the county's total cost of actually inspecting or testing the devices as required by law, to recover the costs of inspecting or testing weighing and measuring devices required of the county sealer pursuant to Section 12210, and to recover the cost of carrying out Section 12211." The proposed fees are at or below the limits specified in statute. For FY 2014-15, the projected total costs of the device program is \$348,031, based on current workload and projected costs. The proposed FY 2014-15 device registration revenue is \$218,605, based on the total number and type of locations registered and the number and type of devices inspected. This represents a projected cost recovery of 62.81% for the device inspection and enforcement program.
2	If an application is submitted within six months of the pre-application meeting, 50% of the pre-application fees will be applied towards application processing fees.
